

## **Title I Parents Right to Know**

The Imagine Academy of Environmental Science and Math is required to inform parents of students attending Title I schools that they can request certain information, according to the No Child Left Behind Act of 2001 (Public Law 107 -110).

Upon parents' request, IAESM is required to provide parents/guardians, in a timely manner, the following information:

- Whether their child's teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria has been waived.
- What baccalaureate/degree/major the teacher has and any other graduate certification or degree major held by the teacher and the field of discipline of the certification.

In addition to the information that parents may request, Imagine Academy of Environmental Science and Math must provide to each parent/guardian:

- Information on the achievement level of their child in the state academic assessments as required.
- Timely notice that their child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who is not highly qualified.
- Notification if their child's school has been identified for school improvement, and options available for their child.
- A Complaint Resolution Procedure annually (IAESM Complaint Resolution Procedure information is also listed in ESM Student Handbook).
- Notification to parents of the option to transfer their student if student is enrolled in an identified persistently dangerous school, or student has been the victim of a criminal offense while on school property to a school not identified.
